

Hassen Ahmed

FRONT-END DEVELOPER

A student in Hyper Island looking for an internship with a previous background experience in UI/UX design, I have now decided to expand my knowledge to become a Frontend Developer and I am looking for an internship. I am deeply passionate about my work while always eager to keep up to date with latest technologies within the industry. I am a fast learner and very goal orientated and with my background and knowledge I hope to become a great asset to your company.
